FLOW

1 /

*Foot traffic in and out of the School
of Art, as represented by shadows cast
on the entrance wall.*

FLOW 2 /

The graphic design process, as represented by the activity of multi-function printer in the Graphic Design loft.

JUNCTION

1 /

SHADOW

Every time a designer uses the multi-function printer (i.e, presses the Print, Copy or Scan button), the shadow cast on the entrance wall is affected, according to the function selected.

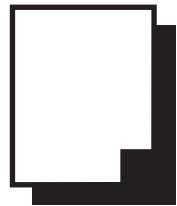

JUNCTION 2 /

DUPLICATE

Every time a designer uses the multi-function printer (i.e., presses the Print, Copy or Scan button), a camera set up in the entrance hall takes a photo of the wall. This photo is then output by the multi-function printer, creating a duplicate of the moment.

OTHER FUNCTION

Selecting the “Other Function” button reverses the control mechanism, allowing the movement of the shadows on the entrance wall to control the movement of the scanning light rod in the multi-function printer.
